

## **A second call for participation and abstract submission for an oral or poster presentation**

You are cordially invited to participate in Israelectrochemistry 2022, which continues the tradition of the annual electrochemistry meetings bringing together electrochemists from academia, research centers and industry in Israel.

### **Israelectrochemistry 2022 will take place at Ariel University on the 26th of May 2022**

Modern electrochemistry has a vast impact on today's industry, technology and medicine in a wide range of applications, from electrical-energy-storage systems in advanced and affordable batteries & fuel cells, corrosion prevention, electro catalytical industrial processes, to membrane treatment processes and bioelectrochemistry. It provides improved communications, information exchange, situation awareness and diversified medical capabilities. Electrochemistry is remarkably changing our daily life.

The meeting will focus on both basic and applied research findings that have led to improved materials and the understanding of the fundamental processes that determine and control the performance of electrochemical devices. Israelectrochemistry 2022 will also provide a stimulating forum to discuss recent progress in advanced lithium and alternative batteries for energy storage and conversion.

The Israelectrochemistry annual meeting is a great opportunity for electrochemists from all fields and disciplines to meet, interact and initiate exciting new collaborations. We encourage researchers and developers to submit their contributions (oral presentations and posters) and to attend the meeting.

Please use the attached template and send your abstracts to the email address: [iselariel2022@gmail.com](mailto:iselariel2022@gmail.com) **Abstracts for oral talks or posters should be sent by the 30<sup>th</sup> of April 2022 (extended)**

**Also, see the website for registration and abstract submission at <https://www.ariel.ac.il/wp/administrativesystems/2022/03/02/israel-electrochemistry-meeting>**

With best regards,

On behalf of the organizing committee

Prof. Alex Schechter, Ariel University (chairman), [salex@ariel.ac.il](mailto:salex@ariel.ac.il)

Prof. Diana Golodnitsky, Tel Aviv University (President of ISEL), [golod@tau.ac.il](mailto:golod@tau.ac.il)

A handwritten signature in black ink, appearing to be 'D. Golodnitsky', is located to the right of the text for Prof. Diana Golodnitsky.
